

Montgomery College Governance - Student Council
New Student Council Resolutions to the College Council

Know before registering - Syllabus pre-review prior to registering for a class

The Student Council recommends that Dr. Pollard and her administration examine the feasibility of making available salient sections of course syllabus to students prior to registration.

Evaluation of Faculty - Student evaluation of professors should count

The Student Council recommends that Dr. Pollard and her administration examine the feasibility of making 60 percent of the performance evaluation of faculty be based on students' feedback.

Nurse on campus – Meet immediate health challenges of students

The Student Council recommends that Dr. Pollard and her administration examine the feasibility of providing students with a nurse on all three campuses to attend to immediate health challenges of students.

Quiz/Exam make-up - due to extenuating circumstances

The Student Council recommends that Dr. Pollard and her administration examine the feasibility of standardizing across the College, a compassionate policy to enable students to take make-up quizzes/tests and exams due to extenuating circumstances including bereavement, sickness, and other issues beyond students' control.
