### New Business

*Annual Goals*

Members worked to develop the council's annual goals with a focus on student success, faculty job satisfaction and professional growth, and support for continued faculty involvement and voice in the College. Page Whittenburg will send a draft of the goal plan to members for continued discussion via e-mail. The council will finalize the goals at the next meeting.

*Prep for October 20 Visitors*

Sokol Mato, Janet Wormack and Julie Weber are scheduled speakers at the next Faculty Council meeting.

Council members discussed problems that were encountered with the bookstore during this transition semester, including running out of books and changing editions of textbooks without informing faculty. Members agreed it would be beneficial to get Follett's perspective and then figure out ways faculty can work with the bookstore to make the process run smoother in the future.

  - Another U.S. college going through reorganization has asked for input from faculty members pertaining to their experiences with Montgomery College’s academic reorganization. A list of specific questions will be mailed to council members if they wish to respond.

## **Academic Regulations and Standards Committee Report Update to Faculty Council, 10/6/2016**

---

*The Committee on Academic Regulations and Standards met, as scheduled, on Friday, September 23. Please find the committee's continuing and new business below:*

### **New Business**

- **AR 9.823**
  - o The committee will begin to look at the current attendance regulations paying particular attention to including online classes in the regulation. One of the members will look into a distance education/learning work group that may have visited this issue.

### **Continuing Business**

- **Academic Regulations Priorities, 2016-2017 Academic Year**

  - o If anyone on the Faculty Council has ideas for Academic Regulations, please feel free to share them.
  - o Once the draft is finalized it will be shared with the Faculty Council.
- **Academic Appeals (AR 9.9)**
  - o A few years ago the committee began to develop a process that would be consistent across all three campuses for Academic Appeals. This work will begin again.
  - o A 6-person working group is being formed consisting of one representative from Academic Regulations, a representative from the Registrar's office (and Academic Regulations), and one member from each of the Academic Appeals Committees (including the summer appeals group).
  - o Faculty Council will be updated as this process moves forward.

In addition to the Councils, a representative from Academic Regulations will also ask to get on the chairs' groups' agendas for feedback. Please let the committee know if any member of faculty council has a recommendation for another group that should be included from which to solicit feedback.

- 
- In addition to making some changes to the new organizational structure, two changes were recommended and voted on. Both votes had unanimous support. The changes are attached to this report.
