

# CARPENTRY AREA OF CONCENTRATION, BUILDING TRADES TECHNOLOGY AAS

Total Credits: 60

Catalog Edition: 2023-2024

## Program Description

(R): 308A

This program is intended to prepare students for careers in the building and construction trades. The General Education courses, in conjunction with specialized courses, provide a broad foundation and sharpen students' skills in preparation for entry into or advancement in today's workplace. This curriculum, following the carpentry area of concentration, provides training, skills, and knowledge that prepares students for employment as carpenters or provides current building and construction professionals with essential carpentry skills.

## Program Outcomes

Upon completion of this program, a student will be able to:

- Define and explain the basic principles and techniques of residential construction.
- Apply relevant construction skills in a particular trade area.

## Program Advisors

Rockville

- Prof. Peter McNally, 240-567-4089,
